Things You Will Want To Know

WHAT OUR IMPROVED DELIVERY SERVICE MEANS TO PLANTERS

(1) Individual packing of every order.

(2) Direct shipment to customer by Parcel Post or Express. (Large orders by Freight.)

(3) Fresh packed stock delivered in shortest possible time.

(4) Better results in transplanting.

All of our orders are filled with carefully selected stock, inspected for quality and correctness, and packed in damp material to insure delivery to customer in perfect condition for transplanting.

Each order is shipped by Parcel Post, Express or Freight—C. O. D.—Cash on Delivery—for any balance which may be unpaid upon the order before shipment is made. The manner of shipment should be left to our judgment.

This method of delivery enables us to place the stock in the hands of the customers within the shortest possible time after goods are packed for shipment at the nursery, and from one to two weeks earlier in the season.

A notice will be mailed to customers at time of shipment so they can be prepared to receive and pay the amounts of their orders on arrival of the shipment.

C. O. D. INFORMATION

(1) Customer pays small money order fee on C. O. D. shipments, in addition to cost of stock.

(2) No money order fee on orders paid before shipment.

A Money Order fee is required by the Post Office Department or Express Company when a shipment is delivered to a customer. This is to be paid by the purchaser in addition to amount of order. Salesmen are requested to inform customers of this charge at time of purchase. Customers can eliminate this small fee by paying the amounts of their orders at time of purchase, or by mailing remittances to our address any time before shipment is made.

SHIPPING SEASONS

FALL—October 25th to December 1st. We commence shipping in the fall after the stock has fully matured and is in perfect, dormant condition. Usually most of our fall shipments are sent between October 25th and November 10th.

SPRING—March 25th to April 15th. Weather conditions in this locality govern. We ship as soon as danger of freezing is over.

Owing to the nature of our goods, the shipment of which is governed almost entirely by weather conditions at this point, no definite shipping dates can be given. We are just as eager to get stock to the customer as early as possible as he is to receive and plant it.

LIST OF STOCK FOR PARCEL POST SHIPMENT — Gooseberries, Strawberries, Blackberries, Dewberries, Raspberries, Grape Vines, Rhubarb, Asparagus, Currants, Climbing Vines, Ornamental Shrubs, Peonies, Phlox, Roses, Forest Tree Seedlings and Hedge Plants.
